

# GreenClean®

## ALKALINE CLEANER

### DANGER – PELIGRO

KEEP OUT OF REACH OF CHILDREN • READ LABEL BEFORE USE

FIRST AID	
If swallowed	Rinse mouth. Do not induce vomiting.
If on skin (or hair)	Take off immediately all contaminated clothing. Rinse skin with water/shower.
If inhaled	Remove person to fresh air and keep comfortable for breathing.
If in eyes	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

For specific treatments see FIRST AID section on SDS.

GreenClean Alkaline Cleaner is a high alkaline, heavy duty foam detergent containing a balanced blend of chelants and surfactants for effective removal of the toughest soils. An excellent detergent that produces thick, rich foam for extended contact time to remove soils in all types of food processing, dairy, beverage and poultry industries. Uses: Use on stainless steel and concrete surfaces in food production facilities, warehouses and greenhouses. Not recommended for use on soft metals and painted surfaces.

**Directions for use:** Dilute 4–8 fl. oz. of GreenClean Alkaline Cleaner per gallon of water and apply to soiled surfaces. Allow cleaner to dwell for 10–15 minutes and rinse away detergent and soils with clean water. For food processing facilities, following rinse, disinfect lines and equipment with SaniDate 5.0.
